I am passionately committed to ongoing professional development and ceaseless growth, actively seeking opportunities for continuous learning. My enthusiasm for innovation is ignited when collaborating with creative teams on novel concepts. I thrive on challenges that push me beyond my comfort zone and expand my expertise, as acquiring new languages and development techniques is a vital aspect of my professional journey.

## EDUCATION

### Master of science in Business Information Systems

Faculty of Economy, University of Tirana

11/2021 - 07/2023

Weighted GPA: 9.26/10

### BACHELOR DEGREE IN ECONOMICS

Faculty of Economy, University of Tirana

10/2018 - 07/2021

Weighted GPA: 9.06/10

## EXPERIENCE

### Backend Developer

Cardo AI

10/2023 - 12/2023

Tirana

Achievements/Tasks

- During my internship at CARDO AI, I honed my Python skills, focusing on essential libraries like Pandas for data analysis and Django for web development. I successfully applied these skills in designing and implementing an 'Investment Management System' project, showcasing my proficiency in integrating various Python tools and techniques.

### Backend Developer

Dev.al

06/2023 - 08/2023

Tirana

Achievements/Tasks

- At Dev.al, I advanced my C# skills, specializing in .NET framework with a focus on ASP.NET Core and API implementation. I gained practical experience in Dependency Injection, Entity Framework Core, and database interaction (PostgreSQL), contributing to a 'Parking Management System' project. This role significantly enhanced my software development capabilities and provided real-world application experience.

### Core Banking System Analyst

Union Bank

03/2023 - 05/2023

Tirana

Achievements/Tasks

- At Union Bank's IT Department, I served as a core banking system analyst, enhancing my understanding of financial systems and honing my technical skills. I contributed to the optimization of banking systems, gaining insights into industry best practices, which significantly aided my professional development in IT and banking.
